## EAST DUNBARTONSHIRE DEVELOPMENT COMPANY LIMITED SOUTHBANK MARINA, KIRKINTILLOCH

---

We were employed as Employer's Agent, Quantity Surveyor and CDM Co-ordinator on the construction of a 40 berth marina off of the Forth & Clyde Canal with associated services, hard landscaping and site furniture. There was also a new pedestrian footbridge over the canal, a new Boathouse for the Seagull Trust and new access and link roads carried as part of this development.

We were also employed in the same roles on the adjacent office buildings which required extensive co-ordination between the main contractors for each project. The offices were built off of piles installed under the marina contractor's contract.

Contract Value:     £7,500,000

Client:                East Dunbartonshire Development Company Limited

Consultant:            URS Corporation Limited
