## KIRKINTILLOCH INTEGRATED CARE CENTRE

---

The project involved the construction of new integrated care facility comprising joint accommodation for NHS and Social Work services, including GP surgery premises, district nursing, health visiting, podiatry, physiotherapy, speech & language therapy, family planning, social care services, dentistry, and specialist services for the elderly and people with disabilities.

The works were procured under a D&B contract arrangement. In addition to the provision of pre-tender cost planning services, Allan & Hanel prepared tender documents and were involved in extensive negotiations with two tendering contractors to purify tender qualifications and amendments, in order to establish a firm basis for tender acceptance.

Contract Value:     £7,000,000

Client:                 Kirkintilloch's Initiative/NHS Greater Glasgow & Clyde

Architect:            Young & Gault
