

VIEWPARK PARISH CHURCH SANCTUARY REFURBISHMENT

This project was for the refurbishment of the Sanctuary, Small Hall, and Sanctuary Entrance Vestibule to provide modern flexible facilities. The works involved stripping out the old pews and pulpit, removing the ceiling to expose the decorative rafters, providing a new moveable stage, new floor finishes and decoration as well as upgrading the electrical and lighting installation including installing a modern sound system and providing a new modern heating system.

Contract Value: £150,000

Client: Viewpark Parish Church

Architect: Viewpark Parish Church
