

UNIVERSITY OF STRATHCLYDE MILLENNIUM GARDEN

Allan & Hanel provided Quantity Surveying Services on the Millennium Garden, the design of which was won in competition by Honeyman, Jack & Robertson Architects. The works involved taking an area of flat grassland and shaping by mounding using feature sheet steel walls, providing footpaths, stepping stones, lighting and planting as well as benching and artwork.

Contract Value: £100,000

Client: University of Strathclyde

Architect: Honeyman, Jack & Robertson
