## WHOLESALE DOMESTIC LIMITED WAREHOUSE REFURBISHMENT – PHASE 1

---

This project involved the external refurbishment of the existing 132,300ft<sup>2</sup> warehouse including the replacement of roof finishes, overcladding of the external walls and replacement of the windows and external doors to make the building wind and water tight.

New vehicle bays including external roller shutter doors were formed to allow the warehouse to be used for storage.

Internal works included the removal of all services, stripping out of all finishes etc. and new lighting and security systems.

Contract Value:     £1,050,000

Client:                 Wholesale Domestic Limited

Architect:            G1 Architects
