

HUB WEST SCOTLAND – INVERCLYDE MENTAL HEALTH

Allan & Hanel were employed to provide Quantity Surveying services for the provision of a 42-bed continuing care facility for adult and elderly people. Adjacent to the existing Inverclyde Royal Hospital in Greenock, the contemporary healthcare facility provides adult and older peoples' continuing care for patients with dementia and comorbidity conditions.

Contract Value: £7,300,000

Client: hub West Scotland Ltd/NHS Greater Glasgow & Clyde

Consultants: NORR Architects, Hawthorne Boyle, ch2m
