

CAR DEALERSHIP EXPERIENCE

WYLIES, CAMBUSLANG

Allan & Hanel provided pre and post contract Quantity Surveying Services for the Wylies Car Dealership in Cambuslang which was taken over by Arnold Clark.

We worked closely with Architects A. McInnes Gardiner and Partners to deliver this high quality and distinctive showroom, and associated external works on time and within budget.

The works were carried out by Dawn Construction Limited and had a final account value of £1.65 Million.

ARNOLD CLARK, LINWOOD

We provided pre and post contract Quantity Surveying Services on the successful delivery of this Ford Dealership for Arnold Clark at the Phoenix Retail Park in Linwood.

A. McInnes Gardiner were the Architects for the showroom, offices and workshop as well as the external works.

The works were carried out by Interserve Construction with a final account value of £1.56 Million.

VOLKSWAGEN, PERTH

We were appointed as Quantity Surveyors to provide pre-contract cost advice as part of the feasibility report into the £1.75 Million alterations and extension to a Volkswagen Dealership in Perth. The design was undertaken by McKenzie Strickland Architects.

VOLVO, HILLINGTON

Allan & Hanel provided full bills of quantities for a tendering contractor on a new £5.3M Volvo showroom built over 2 floors totalling 22,174 sq ft.

The showroom will display 9 cars with a further 50 cars displayed on the forecourt and 20 customer parking spaces. The contract value was £5,300,000.

JAGUAR, HILLINGTON

We were involved in providing detailed bills of quantities for one of the tendering contractors on the construction of a new 29,000 sq ft showroom split over 2 floors, work shop and integral service drive through, together with all associated services and external works.

The £7M building has space for 9 cars within the showroom and 70 cars on the forecourt, 14 workshop ramps and 21 parking spaces for customers.
