

ERSKINE HOSPITAL NEW LAUNDRY FACILITY

Allan & Hanel were employed to provide Project Management, Quantity Surveying and Principal Designer Services for a new Laundry Facilities building for the Scottish Veterans Charity, Erskine at their Bishopton Care Home.

Works comprised of the provision of a new build Laundry within the grounds of the existing care home. The facility now acts as a central hub for Erskine's three care homes within the Greater Glasgow region.

The project also included a new covered link corridor to the Erskine Home in Bishopton, installation of services and new laundry equipment, including 5 gas fired industrial standard washing machines, driers, dosing system and ironing facilities.

Contract Value: £480,000

Client: Erskine Hospital

Consultants: Mast Architects, Struer Consulting Engineers and Hulley and Kirkwood Consulting Engineers
