## FABRIC REPAIRS, GLASSFORD STREET, GLASGOW

---

Allan & Hanel was employed to provide Quantity Surveying and Principal Designer services for the essential fabric repair to a C-listed building in Glasgow City Centre. The Works included paint removal, complete replacement of stone to one façade, stone repair and replacement, window repairs, structural timber repairs and roof repair. One of the gables was found to have had the stone removed and re-built in brickwork and this has been re-coated in Lithomex and scored to replicate the adjacent stone coursing.

**Contract Value:** £200,000
